

# Mystery Readers

Mystery Reading is a special treat for the children. Parents will be assigned a date to come to the classroom to read 1-2 books. Most teachers will allow 15 minutes for mystery reading. The children will not know which parent is coming until you arrive. This is especially fun when you don't tell your own child you are coming on your designated day. They'll light up with excitement when you arrive.

A parent, grandparent or friend can be the mystery reader on your assigned day. Parents are asked to bring 2 age appropriate books to read. Please note that you cannot borrow books from the school library. You will need to bring your books from home or from the county library.

Mystery Readers can bring a snack or treat for the class if they choose to do so but it is not mandatory by any means.
